

Laurie Anseth, CHFM, SASHE **2024 Candidate for Advisory Board Region 2 Representative** **Bio**

Laurie is the current ASHE Region 2 Advisory Board member and works for JLL at Main Line Health as the System Director of Maintenance and Engineering, Main Line is a hospital system located northwest of Philadelphia. She has been in this position since 2017 and is responsible for system hospital maintenance/engineering, life safety, utilities management, sustainability, energy, and maintenance-related sourcing. Her team of competent facilities staff maintain hospital space of just under 4 million square feet, with a budget of \$40 million.

Laurie's started in Minnesota with the Allina Health system as a Support Services and Facilities Manager where she managed Plant Operations, Safety, Security, Environmental Services, Nutrition Services, Materials Management, Linen and Biomed for two regional hospitals (New Ulm Medical Center and Buffalo Hospital). She was system Co-Chair for the Allina Facility Management Team and Energy Management Education Team, and an active member of the Construction Task Force as the Regional Hospitals Representative. Some of Laurie's accomplishments include helping New Ulm Medical Center (NUMC) become the first hospital in Minnesota to achieve OSHA VPP/MNSTAR status and receiving the H2E (now Practice Greenhealth) Making Medicine Mercury Free and Partners for Change Awards.

After her time at Allina, Laurie became the Northern California Regional Director with JLL/Adventist Health. She managed Facilities, EVS/Linen, and Security teams for six hospitals in the Nor Cal region (St. Helena, Clear Lake, Ukiah, Howard, Paradise, and Vallejo), as well as the corporate office in Roseville, CA. Her team managed an annual budget of over \$30M. She and her team responded to several wildfires affecting an Adventist hospital and the Napa earthquake affecting two hospitals.

Prior to healthcare, Laurie worked for an environmental health and safety consulting firm responsible for providing EHS programs to public schools. She also was part of the team who developed the Minnesota statewide Bloodborne Pathogen Program for school nurses.

Over the years, Laurie has participated in ASHE leadership roles at both the local and national level. At the national level, she is the current Region 2 Advisory Board representative and has participated in the Career Development Committee, Women's Networking Task Force, Succession Planning Committee, Skilled Labor Task Force, Chapter Relations Advisory Committee Peer to Peer Networking Task Force and the Chapter Leadership Forum Task Force. She was also an ambassador at past ASHE Conferences.

At a local level, Laurie was active in the Twin Cities Healthcare Engineers Association (TCHEA) and served as Secretary and Treasurer. Laurie was also a member of the California Society for Healthcare Engineering (CSHE), Redwood Chapter.

She holds or has held the following certifications: SASHE, CHFM, Six Sigma Green Belt, MN Special Boiler Operator (MN), Ham Radio, FEMA ICS 100, 200, 300, 700, 800, Framework for Healthcare Emergency Management, Asbestos Inspector, OSHA 501 Train-the-trainer, Underground Storage Tank Class A/B Operator, and NIOSH 582 Air Sampling. Other designations and awards include the ASHE Emerging Leader (Region 6), JLL Gold Baton Award recipient (for team wildfire response), former Special Government Employee (SGE) with OSHA VPP/MNSTAR and SEIU Management Member of the Year (Allina Health). She holds a Master of Science in Leadership, Bachelor of Science in Facility Management, and an Associate of Science in Architectural Drafting and Estimating Technology.
