

Lotoya Beard, MBA, CHFM

2024 Candidate for Advisory Board Region 4 Representative

Bio

With a foundation in Program Management and a strong engineering background, Lotoya's career has evolved unexpectedly into the dynamic realm of healthcare. Over the past decade, she has dedicated herself to healthcare facilities management, continually expanding her professional expertise and personal insight to better serve her facility and team. Lotoya's journey has been marked by a progression from an entry-level Engineer I to her current role as an Executive Director, allowing her to contribute significantly to the creation of an exceptional care environment within her facility.

Lotoya's commitment to professional development and industry leadership is reflected in her active roles within the Alabama Society for Engineering, and as a member of the State of Alabama Elevator Safety Review Board. Achieving the CHFM designation, Lotoya is enthusiastic about the ongoing opportunities for growth and learning within the healthcare landscape, and she is eagerly anticipating the journey ahead.
