

## 2026 ASHE Election

### Candidate for Advisory Board Region 1 Representative

---

**Frank Rudilosso, M.Eng, PE, CHSP, CHEPP, FASHE** is an accomplished professional with expertise in fire protection engineering and healthcare facility management. He holds a Master of Engineering and a Bachelor of Science in Fire Protection Engineering from the University of Maryland. Frank holds several certifications including Licensed Professional Engineer (P.E.) in Fire Protection Engineering, Fellow of the American Society for Health Care Engineering (FASHE), and Certified Healthcare Safety Professional (CHSP).

Frank's career spans impactful roles at New York-Presbyterian Hospital in New York City, where he is currently the Senior Director Maintenance Operations Programs. In this capacity, he led strategic initiatives including the development of maintenance and operations strategies including Reliability Centered Maintenance programs, medical gas and plumbing programs, training programs and water management systems across multiple campuses. His responsibilities also encompassed managing CMMS and asset databases, procedure development and implementation, and ensuring all inspection, testing and maintenance documentation meet rigorous standards.

Prior to this role, Frank held key positions at New York-Presbyterian Hospital as Director Maintenance Operations, Manager Life Safety, Manager Fire Safety, and Field Director of Facilities Operations where he played pivotal roles in the opening and operational management of the David H. Koch Center, a prominent healthcare facility in NYC. Earlier in his career, Frank worked as a fire protection/life safety consultant for a global fire protection engineering firm, advising clients on building and fire codes compliance.

Frank is highly regarded in his field, contributing extensively to publications and speaking at numerous industry events. Frank is an active member on National Fire Protection Association (NFPA) technical committees, American Society for Healthcare Engineering (ASHE) Regulatory Affairs committee, ASHE Member Tools Committee (including past Chair) and current Chair of the ASHE Data Standards Task Force. Frank is currently the Vice President for the Hospital Engineering Society of Greater New York (HESGNY). Frank also serves on the board for his children's intramural soccer program as the Director of Intramurals, Coach Coordinator and Co-Equipment Manager and on the board of his son's elementary school PTA board as the Treasurer.

Frank Rudilosso's career is defined by his leadership in healthcare facility operations, regulatory compliance, and fire protection engineering, making substantial contributions to the safety and efficiency of healthcare environments.
