

## 2026 ASHE Election

### Candidate for Advisory Board Region 9 Representative

---

**Joe Saldivar, MSA, CHFM, CHSP, SASHE**, is a healthcare facilities executive with more than 30 years of experience in healthcare operations and facilities management. His career reflects steady growth and commitment to excellence, beginning in the Dietary Department early in his healthcare journey and progressing through increasing leadership responsibilities to his current role as Director of Facilities Management.

Joe oversees multi-site healthcare facilities operations with responsibility for infrastructure reliability, life safety compliance, capital planning, regulatory readiness, and support services. He has extensive experience navigating Joint Commission standards, NFPA requirements, and complex healthcare environments while maintaining a strong focus on safety, efficiency, and operational performance. His leadership philosophy centers on accountability, collaboration, mentorship, and continuous improvement.

A dedicated professional leader, Joe currently serves as President of the Michigan Society for Healthcare Engineering (MiSHE) and has been an active board member for over 15 years. Throughout his tenure, he has contributed to strengthening member engagement, expanding educational programming, mentoring emerging professionals, and reinforcing the chapter's alignment with ASHE's mission. His long-standing service reflects his deep commitment to advancing the healthcare physical environment profession.

Joe's commitment to professional growth is evident in his academic achievements. He holds an Associate Degree in Air Conditioning Technology, a Bachelor's Degree in Business, and a Master's Degree in Administration. He actively pursues certifications and continuing education to strengthen both his technical expertise and executive leadership capabilities.

In addition to his operational and volunteer leadership, Joe is passionate about developing future healthcare facilities professionals. He serves as an instructor at Owensboro Community & Technical College, where he teaches healthcare facilities maintenance and leadership coursework, helping prepare the next generation of industry leaders.

Joe's career demonstrates a lifelong dedication to healthcare, leadership development, and service to the profession. He brings hands-on operational experience, strategic vision, and a collaborative mindset to every role he serves.
